

## New Orleans & the River Road: 30 Postcards

Designed in our new, gatefold postcard book format, the collection of these stunning images of the Crescent City are the elegant antidote to the typical throwaway souvenirs. This book of thirty evocative postcards captures how southern Louisiana's unique history has left its indelible mark on the magical city of New Orleans and the plantations of its outlying River Road. Showcasing the regions most enduring symbols - Mardi Gras pageantry, crumbling plantations, lush gardens, Creole interiors, legendary jazz halls, intricate personal altars, and the lacy iron balconies of the French Quarter - photographer Richard Sexton's images make redolent reminders of this one-of-a-kind place.
