

## The 50s & 60s Kitchen: A Collectors Handbook and Price Guide (50s & 60s Kitchen: A Collectors Handbook & Price Guide)

Kitsch for the kitchen is cool, and this book covers a golden era for culinary design. Enter and enjoy gadgets and glasses, table accessories and textiles, furniture and fruit bowls, cookbooks, canisters, clocks, cookie jars ... just about anything you can imagine and collect. Newly revised, this book offers many additional items and current values for each of the 400-plus pieces illustrated in full color. Herein lie happy days recalled. Revisit stunning Formica table and matching padded chairs where you once gathered with family and friends, and pour over pitchers and punch bowls that were centerpieces at every party. A must have for collectors and dealers, and a great tool for reminiscing.
