

The Big Midweek: Life Inside The Fall

A Guardian Book of the Year A Rough Trade Book of the Year Readers Digest Editors Choice A Dagsavisen Book of the Year The first insiders account of life inside The Fall, Steve Hanleys story unfolds like a novel; from 1979 when he joined his schoolmates Marc Riley and Craig Scanlon in The Fall, he puts us right in the heart of the action: on stage, on the tour bus, in the recording studio, and up close and personal with an eccentric cast of band mates. These vividly drawn scenes give unprecedented insight into the intense, highly-charged creative atmosphere within The Fall and their relentless work ethic which has won them a dedicated cult following, high-art respectability and a unique place in popular music history.
