

## The Collected Letters of A. W. N. Pugin: Volume 2: 1843-1845

The importance of the leading British architect A. W. N. Pugin (1812-52) in the history of the Gothic Revival, the development of ecclesiology, the origins of the Arts and Crafts Movement, and in architectural theory is incontestable. His letters are vigorous, direct, often witty, and invaluable for architectural and religio-historical research. This is the second of five planned volumes.
