

## The Jewel of Seven Stars

The Jewel of Seven Stars (also published under the name: The Jewel of the Seven Stars) is a horror novel by Bram Stoker first published in 1903. The story is about an archaeologists plot to revive an ancient Egyptian mummy. When The Jewel of Seven Stars was first released in 1903 the publishers received a great deal of criticism from both critics and readers because of its gruesome ending. Shortly before his death in 1912 when Stoker attempted to republish the book he was told that he would have to change the ending if he didnt want it to go out of publication. As a result, Stoker removed Chapter XVI Powers - Old and New and gave the book a new and happier ending. For many years the original ending was unavailable to most readers. (Quote from wikipedia.org) About the Author Bram Stoker (1847 - 1912) Irish-born writer, theater critic, and manager for the famed late-C19 actor Henry Irving, Stoker is of course best known as the author of Dracula, the definitive vampire story. Stoker wrote a number of other novels and short stories, several of which (The Jewel of Seven Stars and Lair of the White Worm, to mention just a couple of the novels) also have major supernaturalist elements.
