

## The Naked God: The Writer and the Communist Party

Fasts audiobook on his break with the Communist Party, and a riveting tribute to the importance of justice and beauty over dogma and rigidity. The Naked God is Howard Fasts public repudiation of the Communist Party, of which he was a devoted member for thirteen years until reading about the full scope of atrocities committed by the Soviet Union under Stalin. The bestselling author of Spartacus and Citizen Tom Paine, Howard Fast lent his writing talents and celebrity to the communist cause as a steadfast advocate and public figure. However, he felt increasingly ill at ease with the superior manner Party leaders took with rank-and-file members and with rumors of Soviet anti-Semitism. In his first audiobook after officially leaving the Party in 1956, Howard Fast explores the reasons he joined and his long inner struggle with a political movement in which he never felt he truly belonged.
