

## THE NANNY AND THE SHEIKH (Harlequin comics)

While in between her jobs as a nanny, Melissa decides to help her brother-in-law on a project. This requires them to go to the kingdom of QuArim to work with Sheikh Surim. While shes there, Melissa inadvertently finds herself taking care of Surims children, believing they arent being properly cared for. When Surim sees how well the children get along with her, he appoints her as their nanny. Melissa suggests the children need to spend more time with Surim in order to establish a deeper bond. While doing so, Surim gets to spend more time with Melissa, as well. Soon she finds herself falling in love with the sheikh, who is, naturally, beyond her reach. Melissa wishes Surim could return her feelings so she can go from being the nanny for his children to becoming his wife. Can her dream actually come true?
