

## Has Been Cookbook

A photographic history of what has gone before, including vintage and pioneer recipes along with their modern-day counterparts. There are 300 photographs of derelict and decrepit homes, barns, outbuildings and machinery. There are over 275 recipes including a chapter featuring many of the most popular recipes from the authors critically acclaimed Cozy Cafe. All the photographs were taken in several rural counties of Eastern Washington. Many of the grand old buildings have since decayed beyond recognition and are preserved in this cookbook.
