

THE OUTLAW (Harlequin comics)

When Noel, the crown princess of Montacroix, lays eyes on a hundred-year-old sketch of the American Old West, she's captivated. After seeing the sketch, she has a vision of a Native American man with deep blue eyes and such a regal bearing Noel fears he could steal her heart. The man in her vision is an author named Wolfe, who is about to be executed for a crime he didn't commit. Guided by a strange sense of destiny, she flies from Montacroix to Arizona to retrace the man's footsteps. Noel's heartfelt wish is to meet him and save him from a cruel end. But in the middle of her journey, she gets into an accident and blacks out. When she next opens her eyes, the man standing in front of her is...Wolfe?
