

The Aesthetics of Music

What is music, what is its value, and what does it mean? In this stimulating volume, Roger Scruton offers a comprehensive account of the nature and significance of music from the perspective of modern philosophy. The study begins with the metaphysics of sound. Scruton distinguishes sound from tone; analyzes rhythm, melody, and harmony; and explores the various dimensions of musical organization and musical meaning. Taking on various fashionable theories in the philosophy and theory of music, he presents a compelling case for the moral significance of music, its place in our culture, and the need for taste and discrimination in performing and listening to it. Laying down principles for musical analysis and criticism, this bold work concludes with a theory of culture--and a devastating demolition of modern popular music. A provocative new study.--The Guardian

The Principles Of Aesthetics - Chapter VIII - The Aesthetics of Music They argue that popular music presents important counterexamples to entrenched doctrines in the philosophy of art. Similar issues arise for the aesthetics of jazz

Review of: The Aesthetics of Music by Roger Scruton Theory of Music The study begins with the metaphysics of sound. Scruton distinguishes sound from tone analyzes rhythm, melody, and harmony and explores the various dimensions of musical organization and musical meaning. In The Aesthetics of Music Scruton maintains and develops his earlier position that understanding music is crucially and fundamentally informed by metaphor.³ **Adornos Aesthetics of Music: Max Paddison: 9780521626088** In Values of Art Malcolm Budd attempts a narrower definition that limits the aesthetic content of music to the works **Review: The Aesthetics of Music by Roger Scruton Journal of the** Contemplating Music: Source Readings in the Aesthetics of Music : Essence (Aesthetics in Music Series) [Ruth Katz, Carl Dahlhaus] on . *FREE* **Aesthetics of Popular Music, The Internet Encyclopedia of Philosophy** Jul 29, 1999 In this stimulating volume, Roger Scruton offers a comprehensive account of the nature and significance of music from the perspective of **Contemplating Music: Source Readings in the Aesthetics of Music** The result is a rare thing: a book on music aesthetics where both philosophical and musical issues are handled deftly and thoughtfully.
