

The Shadow 1941: Hitlers Astrologer

On Easter Sunday of April 1941, a young woman pushes through the holiday crowds, racing for her life through the streets of Manhattan. Its a chase that leads from the bustling American metropolis all the way to Berlin, the dark heart of the Nazi regime... a chase of screeching taxis and motorcycle escapes, of a fantastic battle between a German U-boat and an autogyro over Coney Island! Like marionettes dangling from invisible hands, neither Allies nor Axis agents can tell if they are the puppeteers... or the dolls whose strings get cut! Behind it all, The Shadow looms, a master of men with cold, hollow laughter and blazing .45 pistols! The acclaimed, complete Shadow 1941: Hitlers Astrologer collaboration of Batman scribe Denny O'Neil and artist Mike Kaluta, available for the first time in over two decades, completely remastered!
