

# The Structural Conservation of Panel Paintings: Proceedings of a Symposium at the J. Paul Getty Museum, April 1995 (Symposium Proceedings)

This volume collects thirty-one papers by an international group of experts. Grouped into four topic areas: Wood Science and Technology, History of Panel-Manufacturing Techniques, History of the Structural Conservation of Panel Paintings, and Current Approaches to the Structural Conservation of Panel Paintings, the papers highlight a wide variety of philosophies and work methods.
