

The Terminator: Death Valley

Dark Horse furthers the Terminator mythos with an all-new adventure, and two new killing machines! Sarah Connor...beware! In a hellish future controlled by computers bent on exterminating the human race, John Connor will lead the remnants of humanity against the killing machines known as Terminators--unless the Terminators can reach back through time and snuff out his existence before he grows to adulthood. A pair of Terminators are sent to our present to the unforgiving wastelands of Death Valley to hunt the young John Connor and erase his future--and the only hope for the future of mankind. Dark Horse revisits the terrifying possibility of a world on the verge of apocalypse in this third Terminator graphic novel.
