

The Voice from the Edge, Vol. 2: Midnight in the Sunken Cathedral

[This is the MP3CD audiobook format.]
[*Read by Harlan Ellison] This original audio collection, featuring much newly recorded material, is a stunning realization of some of the writer's best and edgiest work, as well as a fiery visit to some of his more secret stories. His words, his voice, are what the New York Times has called liquid lava. Harlan Ellison has won more awards for imaginative literature than any other living author, including the Edgar, Hugo, Nebula, and Bram Stoker awards. Contents include: Jeffty is Five (Hugo and Nebula winner) and brand new performances of The End of the Time of Leinard, The Function of Dream Sleep, In Lonely Lands, the rare Rat Hater, the title story, and other previously unrecorded gems. Total Contents include the following 11 short stories: * Jeffty is Five * The End of the Time of Leinard * The Function of Dream Sleep and The Function of Dream Sleep: postscript * In Lonely Lands * Rat Hater * Midnight in the Sunken Cathedral * S.R.O. * Pennies, Off a Dead Mans Eyes * Go Toward the Light * Soft Monkey * Prince Myshkin and Hold the Relish.
