

## John Freelys Istanbul

John Freely is to Istanbul what Augustus Hare was to Rome in the nineteenth century. For forty-three years he has known, explored, loved and illuminated his adopted city. 98 Illustrations, To walk the streets, to climb the hills, to visit the mosques, palaces and remains of Istanbul with Freely is to learn first-hand the multi-faceted history of the New Rome, and of the Turkish imperial capital that succeeded it. He knows every nook and cranny, knows who lived where and when, and knows the people who live there now. Now Freely looks afresh at the history, people, traditions and flavours of the city with which he has been so intimately connected for nearly half a century, recording the changes alongside the constancy of its spirit and character. Lavishly illustrated with contemporary photographs and far-ranging historical material, John Freelys Istanbul is the summation of the passion and knowledge of the city's greatest modern biographer.
