

Tanks: The Worlds Best Tanks in 500 Great Photos (The 500 Series)

The armored tank changed the face of war at the turn of the 20th century, as battles began to rely on machinery and not just men. This book looks at the development of the armored tank vehicle from the early days of the First World War to its place on the battlefield in the 21st century. Detailed illustrations of the design and construction of these armored beasts and the weaponry that is used in today's conflicts is displayed in detail in 500 brilliant color photos.
