

Unearthing

One of the worlds foremost authors of the fantastic, Alan Moore, joins internationally esteemed photographer Mitch Jenkins for an unprecedented visual and literary experience. An intensely poetic and innovative work of biography, Unearthing maps the lifetime of author, orientalist, and occultist Steve Moore, while simultaneously investigating the extraordinary history of South London with which that life has been intertwined. Integrating text with haunting and exquisite imagery, Unearthing excavates a territory at the margins of a city, of reality, and of human imagination. Starting life in Iain Sinclairs seminal anthology LONDON: City of Disappearances, this dazzling and hypnotic piece has evolved through a series of live performances and acclaimed recordings, culminating in this breathtaking, full-color volume.
