

Florence: Why Bother?...with a slice of Pisa (The Why Bother? Guides)

At last, a refreshing guide to Florence, with a slice of Pisa, brought to you by the chalk and cheese of travel writing, Robert Shepherd and Geoff Motley. Written from the heart and fuelled by local food, wine and a mischievous sense of humour, this book is by two guys who are generations apart and come at Florence from different directions. It does not lead you by the hand, but it certainly whets your appetite, encouraging you to be adventurous and find your own way with a hint or two from the guys. Absorb what they know, through their banter, style and wit. This is a travel guide with different views, humour, cartoons and useful facts all about Florence and Pisa: that is why you should bother.
