

## Vienna Central Cemetery: A personal guide book for the individualist

The Vienna Central Cemetery offers outstanding opportunities to take a stroll, to pause for a moment and take a break from the hustle and bustle of everyday active life. There are many ways of discovering Europe's second largest cemetery. Most tourists and graveyard visitors limit themselves to the graves of honour, as if this was all the cemetery had to offer. But this of course is not the case. With this guide to the Central Cemetery I want to offer suggestions for individual journeys of discovery, giving every visitor an opportunity to explore the Cemetery a very personal way.
