

Trevor Chamberlain: Light and Atmosphere in Watercolour : A Personal View (Atelier Series.)

Trevor Chamberlain's watercolour paintings are a celebration of light and atmosphere. In this book, the artist describes his approach to interpreting in watercolour the effects of light and weather within the limits of the artist's palette. This book aims to combine a professional attitude towards the practice of painting with an amateur's joie de vivre. A gallery of reproductions offers a glimpse over the shoulder of a modern artist.
