

Ways of Hearing: A Users Guide to the Pop Psyche, from Elvis to Eminem

Someone once said that pop music is an argument anyone can join in on. Ways of Hearing turns that argument into a bar-room brawl, as a frontier town of unruly pop pioneers and DJs Brian Eno, John Peel, Neil Young, the Chemical Brothers, and Mercury Rev, to name but a few punch it out. Part hall of fame, part self-help manual, part visionary manifesto, Ways of Hearing examines the pop psyche from all of its glorious sides.
