

## Werner Herzog - A Guide for the Perplexed: Conversations with Paul Cronin

This edition of Herzog on Herzog presents a completely new set of interviews in which Werner Herzog discusses his career from its very beginnings to his most recent productions. Herzog was once hailed by Francois Truffaut as the most important director alive. Famous for his frequent collaborations with mercurial actor Klaus Kinski - including the epics, *Aguirre, the Wrath of God* and *Fitzcarraldo*, and the terrifying *Nosferatu* - and more recently with documentaries such as *Grizzly Man*, *Cave of Forgotten Dreams* and *Into the Abyss*, Herzog has built a body of work that is one of the most vital in post-war German cinema.
