

## Whos the Dummy Now?

Terry Fator won the hearts of America when he won a \$1 million dollar prize on America's Got Talent. Terry is a ventriloquist, singer, comedian and celebrity impressionist. He has appeared to rave reviews on the Oprah show and David Letterman. Terry is perhaps the first entertainer to combine the art of ventriloquism with singing impressions. From the age of 6 years old Terry memorized Bill Cosby comedy routines. When he was 10 he found a library book on ventriloquism and began learning how to use his voice. This book is Terry's biography about living his childhood dream of wanting to be an entertainer.
