

The Wirtz Gardens

The published work, apart from residential assignments in Belgium and abroad, also contains less known public parks, such as the Avenue Roi Albert II in Brussels and the Carrousel gardens in Paris, as well as more recent work, such as the Ainslie Castle gardens in the UK. The Chilean art photographer and Bill Brandt-follower Marco Valdivia took the photographs for this book, texts are from the English author Patrick Taylor, and layout was in the hands of Christian Diener. This book of app. 600 pages is presented in a case with two separate volumes.
