

X-Men: Worlds Apart (2008-2009) #1 (of 4)

Over the course of her life, Storm has been many things: A thief. A goddess. An X-Man. A Wife. A Queen. But not until now have these roles come into conflict. When a mutant commits a mysterious murder in Wakanda, Storm takes it upon herself to investigate. And what she discovers will force her into a position where she must choose: will she stand with the X-Men or with her husband? Writer Chris Yost (X-Force, New X-Men) and artist Diogenes Neves bring you this first part of a limited series that will change Storm forever.
